

# Ex-C&NW #7801, Then and Now

Council Bluffs 1/21/15 by Darrell Wendt

C&NW #7801 Café/Lounge car in original C&NW paint

Unknown photographer/location

Ex-C&NW #7801 Café/Lounge car (Light weight)

A new addition to the variety of other vintage rail equipment at the Rails West Railroad Museum.

The wheel sets were still attached to the car, while the car was suspended in the air by the heavy duty hydraulic trailer.

The car will eventually be placed on the rails between UP #814 (4-8-4) and a UP box car.
