

I believe that this is Fairmont, Minnesota. I have seen this picture at the Martin County Historical Society. I grew up in Fairmont and spent many hours down at the depot. The Milwaukee Road tracks were just to the south (or right in the pictures) Their water tank can be seen over the roof of the CNW depot. Bruce N. Johnson

The passenger cars in this photo taken in the early 1910s (based on the clothes)

Aren't those hats fabulous. Note the lady on the rear platform in the bottom photo as well as the shadow of the photographer in both photos.
